Item 5 – Customer Conversations Review – David Morris

Presenter discussed the results of the Customer Conversations 2025 which included community thoughts on long-term water supply, water by numbers program, xeriscape rebates, and Water 2120. An overview of focus groups demographics was provided.

Item 6 – Water 2120 Update – Mark Kelly

Presenter took a poll on TCAC opinion on a potential name for the updated Water 2120 document. Discussed Task 1 draft decade update, implementation plans, water supply and demand levels.

Item 7 – Water Report – Mark Kelly

Presenter discussed water supply metrics using June demand data. 76 percent groundwater production and 24 percent surface water production. Currently drought stage 0 and GPCD 126. Recent storms almost put area in normal range of precipitation for this time of year, though drought persists. Provided information on ways that the Water Authority is complying with the Governors executive order on drought.

Item 8 – Other Business**Item 9 – Adjournment Time: 5:25PM**
