TITLE: R-18-14 – Adopting the County of Bernalillo Purchasing Ordinance for the Albuquerque Bernalillo County Water Utility Authority

ACTION: Recommend Approval

SUMMARY:

The statute creating the Albuquerque Bernalillo County Water Utility Authority (Water Authority), Section 72-1-10, authorized the Water Authority to elect either the City of Albuquerque's (City) or the County of Bernalillo's (County) procurement processes to further its public and corporate purposes. In 2006, the Water Authority procurement functions were still performed by City procurement staff, just as they had previously when the Water Authority was a component unit of the City. At the time, the Water Authority decided that continued use of City procurement processes were in its best interests. In 2013 the Water Authority employed a full-time division for the purposes of performing centralized procurement. To date, the Water Authority had followed the City of Albuquerque Public Purchases Ordinance legal requirements governing approval of contracts.

In order to determine the appropriate legal framework to govern the Water Authority's purchases, the Water Authority worked with the County procurement staff and performed a comprehensive and thoughtful analysis of the procurement authority presented by adopting the County of Bernalillo's new Home Rule Procurement Ordinance. The County Procurement Ordinance was drafted using the New Mexico State Procurement Code as its foundation and provides for the fair and equitable treatment of all person involved in public procurement, to maximize the purchasing value of public funds, provides for transparency and accountability, and safeguards for maintaining a procurement system of quality and integrity. The Water Authority has determined it operationally and functionally beneficial to adopt the County of Bernalillo Procurement Ordinance. This resolution would establish the County of Bernalillo Procurement Ordinance as the legal framework governing all Water Authority procurement effective July 1, 2018. This resolution would also establish the Water Authority's responsibilities to the Water Authority Board related to contract approval.

CONTINUATION PAGE 17, ORDINANCE 2018-11.

- (a) A notice of any formal competitive solicitation (i.e. RFB, RFP) shall be published for not less than ten calendar days prior to the date set forth for the opening of bids or proposals. - (b) A copy of any formal competitive solicitation (RFB, RFP) shall be made available for public inspection at the Central Purchasing Office or by electronic posting on the internet.
- (c) The Central Purchasing Office shall send copies of the notice of formal competitive solicitations (RFB, RFP) to those businesses that have signified in writing an interest in submitting bids or proposals for particular categories of items of Tangible Personal Property, Services or Construction and that have paid any fees, if required. If upon rebidding the Tangible Personal Property, Services or Construction, the bids received are unacceptable, or if no bids are secured, the Central Purchasing Office may purchase the Tangible Personal Property, Services or Construction in the open market at the Best Obtainable Price.
- (e) Minor Technical Irregularities: The Central Purchasing Office may waive technical irregularities in bids or proposals that do not alter the price, quality or quantity of the items of Tangible Personal Property, Services or Construction. Technical irregularities are matters of form, rather than substance, which are evident from the bid or proposal document, or insignificant mistakes that can be waived or corrected without prejudice to other Bidders or Offerors; i.e. when there is no effect on the price, quantity, quality, delivery or material Contract conditions. The Chief Procurement Officer or designee may waive such irregularities, or allow the low Bidder(s) or Offeror(s) to correct them, if either action is in the best interest of the County. Examples include, but are not limited to, the failure of a low Bidder(s) or Offeror(s) to: (i) Return the number of signed bids or proposals required by the solicitation; (ii) Sign the bid or proposal, but only if the unsigned bid or proposal is accompanied by other material indicating the low Bidder's or Offeror's intent to be bound; (iii) or acknowledge receipt of an addendum to the RFB or RFP, but only if it is clear from the bid or proposal that the low Bidder(s) or Offeror(s) received the addendum and intended to be bound by its terms or the addendum involved had no effect on price, quality or quantity.
- (f) Standards of Responsibility for Bidders or Offerors: Factors to be considered in determining whether the standard of Responsibility has been met include whether a Bidder or Offeror has:

The unreasonable failure of a Bidder or Offeror to promptly supply information in connection with an inquiry with respect to Responsibility is grounds for a Determination that the Bidder or Offeror is not a Responsible Bidder or Offeror.

(h) Prequalification: A business may be prequalified by the Central Purchasing Office as a Bidder or Offeror for particular types of Tangible Personal Property, Services or Construction.

Bidders or Offerors shall compute their net bid or offer by deducting the appraised value or highest Quote of the items to be traded in or exchanged from the gross bid or offer on the new items of Tangible Personal Property to be procured. If an amount offered in trade is less than the appraised value or the highest Quote but is found to be a fair reflection of the current market, representative of the condition of the items of Tangible Personal Property and in the best interest of the County, the bid or offer may be accepted. Documentation of the terms of acceptance shall be in writing, shall be made a part of the procurement file and shall be a Public Record.

Sec 2-381. RECEIPT, INSPECTION, AND PAYMENT

- (a) The User Department is responsible for inspecting and accepting or rejecting deliveries. The User Department shall determine whether the quantity is as specified in the Purchase Order or Contract and whether the quality conforms to the Specifications referred to or included in the Purchase Order or Contract. If inspection reveals that the delivery does

not conform to the quantity or quality specified in the Purchase Order or Contract, the User Department shall immediately notify the Central Purchasing Office. (c) Prepayment shall be allowed when approved by the Chief Procurement Officer, or his/her designee.

(d) In the event of disputed invoices, unless otherwise agreed upon by the parties or unless otherwise specified in the RFB, RFP, or other solicitation, within twenty days from the date the invoice is received by the County, the Central Purchasing Office or User Department shall issue a written notification of full or partial rejection of the items of Tangible Personal Property, Services or Construction.

Sec 2-384. SPECIFICATIONS

- (a) All Specifications shall seek to promote overall economy for the purposes intended and encourage competition in satisfying the County's needs, and shall not be unduly restrictive. All Specifications shall be drafted so as to ensure maximum practicable competition and fulfill the requirements of the County. In preparing Specifications, if, in the opinion of the Central Purchasing Office, a proposed component is of a nature that would restrict the number of Responsible Bidders or Responsible Offerors and thereby limit competition, if practicable, the Central Purchasing Office shall draft the Specifications without the component and procure the component by issuing a separate Request for Bids or Request for Proposals or by entering into a Sole Source procurement.
- (b) A Brand-Name or Equal Specification may be used when the Central Purchasing Office determines that only the identified Brand-Name item will satisfy the needs of the County. Should the essential characteristics of the Brand-Names included in the Specifications be commonly known in the industry or trade, such a detailed description is not necessary. Where a Brand-Name or Equal Specification is used in a solicitation, the solicitation shall contain explanatory language that the use of a Brand-Name is for the purpose of describing the standard of quality, performance and characteristics desired and is not intended to limit or restrict competition. The Central Purchasing Office or the User Department shall seek to identify sources from which the designated Brand-Name items can be obtained and shall solicit such sources to achieve whatever degree of price competition is practicable.
- (c) The County shall not accept any bid or proposal from a Person who directly participated in the preparation of Specifications. This prohibition does not extend to vendors who have suggested changes to Specifications that were approved by the County during the course of a publicly-solicited, formal bid or proposal process.
- (d) The requirements of this section regarding the purposes and non-restrictiveness of Specifications shall also apply to all Specifications prepared other than by County personnel, including, but not limited to, those prepared by architects, engineers and designers.

Sec 2-385. PROTEST AND APPEALS

- (a) Any Bidder or Offeror who is aggrieved in connection with a solicitation or award of a Contract may protest to the Chief Procurement Officer. The protest shall be submitted in writing within fifteen calendar days after knowledge of the facts or occurrences giving rise to the protest.
- (b) In the event of a timely protest, the Central Purchasing Office shall not proceed further with the procurement unless it makes a Determination that the award of the Contract is necessary to protect substantial interests of the County. A procurement shall not be halted after a Contract has been awarded merely because a protest has been filed. After a Contract has been awarded, the Central Purchasing Office may, in its sole discretion, halt a procurement in exceptional circumstances or for good cause shown.
- (c) The Central Purchasing Office shall have the authority to take any action reasonably necessary to resolve a protest of an aggrieved Bidder or Offeror. This authority shall be exercised in accordance with this section but shall not include the authority to award

CONTINUATION PAGE 35, ORDINANCE 2018-11.

money damages or attorneys' fees.

(d) The Central Purchasing Office shall promptly issue a Determination relating to the protest. The Determination shall:

(1) state the reasons for the action taken; and

(2) inform the protestant of the right to judicial review of the Determination pursuant to this Article.

(e) The written Determination shall immediately be sent via certified mail to the protestant and otherwise provided via standard mail or electronically to other Bidders or Offerors involved in the procurement.

Sec 2-386. REMEDIES PRIOR TO EXECUTION OF CONTRACT

Sec 2-387. RATIFICATION OR TERMINATION AFTER EXECUTION OF CONTRACT

(a) If after the execution of a valid, written Contract by all parties and necessary approval authorities, the Central Purchasing Office makes a Determination that a solicitation or award of the Contract was in violation of law and if the business awarded the Contract did not act fraudulently or in bad faith:

(1) the Contract may be ratified, affirmed, and revised to comply with law, provided that a Determination is made that doing so is in the best interests of the County; or

(2) the Contract may be terminated, and the Contractor shall be compensated for the actual expenses reasonably incurred under the Contract plus a reasonable profit prior to termination.

Sec 2-388. JUDICIAL REVIEW

All actions authorized by the Ordinance for judicial review of a Determination shall be filed pursuant to the provisions of Section 39-3-1.1 NMSA 1978.

Sec 2-389. VENDOR SUSPENSION AND DEBARMENT

(a) The Chief Procurement Officer, after reasonable notice to the business involved, shall have authority to recommend to the Board the Suspension or Debarment of a business for cause from consideration for award of Contracts if after reasonable investigation, he or she finds that a Person has engaged in conduct that constitutes cause for Debarment.

(b) The term of a Suspension pursuant to this section shall not exceed three months; however, if a Person, including a Bidder, Offeror or Contractor, has been charged with a criminal offense that would be a cause for Debarment, the Suspension shall remain in

1 effect until the criminal charge is resolved and the Person is debarred or the reason for
2 Suspension no longer exists.

3 (c) The Chief Procurement Officer, after reasonable notice to the Person involved, shall have
4 authority to recommend to the County Manager the Debarment of Person(s) for cause
5 from consideration for award of Contracts. The Debarment shall not be for a period of
6 more than three years. The authority to debar shall be exercised only upon reasonable
7 notice and a hearing prior to Debarment.

8 (d) The causes for Debarment or Suspension occurring within three years of the date final
9 action on a procurement is taken include but are not limited to the following:

10 (1) criminal conviction of a Bidder, Offeror or Contractor for commission of a criminal
11 offense related to obtaining unlawfully or attempting to obtain a public or private
12 Contract or subcontract, or related to the unlawful performance of such Contract or
13 subcontract;

14 (2) civil judgment against a Bidder, Offeror or Contractor for a civil violation related to
15 obtaining unlawfully or attempting to obtain a public or private Contract or
16 subcontract, or related to the unlawful performance of such Contract or subcontract;

17 (3) conviction of a Bidder, Offeror or Contractor under state or federal statutes related to

26 Contractor for a civil violation related to honesty, integrity or business ethics;

27 (7) civil judgment or settlement with enforcement agency against a Bidder, Offeror or
28 Contractor pursuant to the New Mexico Unfair Trade Practices Act or other similar
29 act from another state or the United States Government;

30 (8) violation by a Bidder, Offeror or Contractor of Contract provisions, as set forth in this
31 paragraph, of a character that is reasonably regarded by the Chief Procurement
32 Officer to be so serious as to justify Suspension or Debarment action, including:

33 a. willful failure to perform in accordance with one or more Contracts; or

34 b. a history of failure to perform or of unsatisfactory performance of one or more
35 Contracts; provided that this failure or unsatisfactory performance has
36 occurred within a reasonable time preceding the decision to impose
37 Debarment; and provided further that failure to perform or unsatisfactory
38 performance caused by acts beyond the control of the Contractor shall not be
39 considered to be a basis for Debarment;

40 (9) any other cause that the Chief Procurement Officer determines to be so serious and
41 compelling as to affect Responsibility as a Contractor; or

(2) "Guaranteed Maximum Price" means the maximum amount to be paid by the County for the Construction of the facility, including the cost of the work, the general conditions and the fees charged by the Construction Manager at Risk.

(b) A Construction Manager at Risk Delivery Method may be used when the County determines that it is in its interest to use that method on a specific Construction project, provided that the Construction Manager at Risk shall be selected pursuant to the provisions of this section.

(c) The Central Purchasing Office shall form a selection committee of at least three members with at least one member being an architect or engineer. The Central Purchasing Office in conjunction with the selection committee shall develop an evaluation process, including a multiphase procedure consisting of two or three steps. A two-step procedure may be used when the total amount of money available for the project is less than five hundred thousand dollars (\$500,000) and shall include a Request for Qualifications and

(e) The selection committee shall evaluate the statements of qualifications submitted and determine the Offerors that qualify for the Construction Manager at Risk. If the selection committee has chosen a three-step procedure, the committee shall issue a Request for Proposals to the Offerors that qualify.

(f) If the selection committee has chosen a two-step procedure, the committee shall rank the Persons that qualify based upon the statements of qualification and interview up to three of the highest-ranked Offerors.

(g) In a three-step procedure, the selection committee shall issue a Request for Proposals and evaluate the proposals pursuant to the requirements of this Article regarding the evaluation of Requests for Proposals except that:

(1) the Request for Proposals shall be sent only to those determined to be qualified

6 interviews.
- 7 (h) After conducting interviews with the highest-ranked Offerors and after considering the
8 factors listed in subsection (i) of this section, the selection committee shall recommend to
9 the Central Purchasing Office the Offeror that will be most advantageous to the County.

17 Central Purchasing Office be unable to negotiate a Contract with any of the Offerors
18 selected by the committee, additional Offerors shall be ranked in order of their
19 qualifications and the Central Purchasing Office shall continue negotiations in
20 accordance with this section until a Contract is signed with a qualified Offeror or the
21 procurement process is terminated and a new Request for Proposals is initiated.
- 22 (i) In evaluating and ranking statements of qualifications, proposals and results of
23 interviews, and in the final recommendation of a Construction Manager at Risk, the

36 selection committee in response to a solicitation that is canceled shall not be disclosed so
37 as to be available to competing Offerors.

The County and its architect or engineer shall promptly reply in writing to the Construction Manager at Risk if the County, architect or engineer knows of any objection to a listed subcontractor or supplier, provided that the receipt of the list shall not require the County, architect or engineer to investigate the qualifications of proposed subcontractors or suppliers, nor shall it waive the right of the County, architect or engineer later to object to or reject any proposed subcontractor or supplier.
- (n) The Construction Manager at Risk shall assist the Central Purchasing Office with:
- (1) conducting pre-bid or pre-proposal meetings;

- (e) Selection Process: The Selection Advisory Committee and the Central Purchasing Office

CONTINUATION PAGE 47, ORDINANCE 2018-11.

will review each proposal to ensure that it is complete in all required elements. Any proposal that is incomplete may be deemed non-Responsive and may not be scored. All Responsive proposals will be reviewed and scored by each individual committee member in accordance with the provisions of the RFP. The Selection Advisory Committee will collate scores and determine those firms, if any, which may be interviewed.

(f) Interviews (if applicable): Prior to the interviews, the Selection Advisory Committee shall agree on a rating system combining the aspects of the written proposal, any required submittals and the interviews. At the selection interviews, the Selection Advisory Committee shall rate all interviewed Offerors. The combined rating shall be used to determine the final ranking of the firms for negotiations. The Selection Advisory Committee's final ranking and evaluation matrix for all proposals shall be made a part of the procurement file with the Central Purchasing Office. This information shall be kept confidential until after award of the Contract to the successful firm by the Board or designee by resolution.

(g) Negotiations: Following the interviews, the County shall negotiate with the highest ranked firm. Negotiations shall be based upon man-hour estimates submitted as part of a cost proposal following ranking by the Selection Advisory Committee. If agreement on terms can be reached, a Contract shall be prepared in accordance with provisions adopted by resolution regarding the County Manager's approval authority set forth in this Article. If agreement cannot be reached within a reasonable time, the County shall terminate negotiations with the highest ranked firm, and begin negotiations with the next firm on the ranking list. This process will continue until a Contract has been negotiated with one of the firms on the ranking list. If negotiations with the top three firms on the ranking list have been exhausted and a Contract can still not be negotiated, the County may rank the other Offerors in their order of qualifications and negotiate with those other qualified Offerors evaluated by the committee or terminate negotiations.

(h) Selection Advisory Committee Membership:

(1) The Public Works Division Selection Advisory Committee members shall be as follows: One position shall be occupied by the Deputy County Manager for Public Works or designated staff alternate and another position shall be recommended by the Deputy County Manager for Public Works from public works staff along with an alternate. (k) Multiple-Award Requests for Proposals: Multiple awards of qualification-based selection of Offerors shall be allowed, unless prohibited by applicable federal law on the date of award. To utilize multiple Offeror awards, the solicitation must identify the types of projects for which the RFP is advertised. The specific type of projects shall be identified by professional discipline and type of work proposed such that qualified firms and individuals can be identified by the Selection Advisory Committee. Each request for proposal issued under this section may contain sample tasks on which the Offeror will base the technical proposal. These sample tasks may be examples of typical work, which could be awarded under the Contract and not actual projects. The maximum number of tasks for which a firm may propose may be defined in the RFP. In addition the RFP may state the maximum number of consultants which will be selected for award in each task. The written proposals will be scored by the Selection Advisory Committee and interviews may be held. The Selection Advisory Committee will rank the firms based on the written proposals and interviews, if applicable, and recommend the selected firms for award.
