ALBUQUERQUE BERNALILLO COUNTY WATER UTILITY AUTHORITY

BILL NO. R-17-4

RESOLUTION

Authorizing a Memorandum of Agreement for Watershed Management with the Nature Conservancy

WHEREAS, the mission of The Nature Conservancy is to conserve the land and water on which all life depends; and

WHEREAS, the mission of the Water Authority is to provide a resilient, sustainable water supply to the customers in its service area; and

WHEREAS, the Water Authority Board adopted the update to the Water Resources Management Strategy: Water 2120 on September 21, 2016; and

WHEREAS, watershed management is one of the key policies of Water 2120; and

WHEREAS, The Nature Conservancy manages the Rio Grande Water Fund for the purpose of funding watershed management projects; and

WHEREAS, the Rio Grande and its tributaries within New Mexico (the "Rio Grande Watershed") is a major source of water for more than half of the state's population, including those

living in metropolitan and rural communities and on Native American pueblos and tribal lands; and

WHEREAS, severe wildfires and the resulting post-fire effects, as seen after the 2011 Las Conchas fire may impact surface water sources and supplies by introducing large quantities of sediment into reservoirs and the conveyance infrastructure that serves communities, acequias and irrigation districts; and

WHEREAS, the parties are signatories to the Rio Grande Wildfire and Water Source Protection Collaborative Charter (Charter), which was formed to fund restoration projects in the Rio Grande Watershed (Water Fund); and

WHEREAS, the Water Authority desires to grant funds to the Rio Grande Water Fund pursuant to the Charter and this Memorandum of Agreement.

BE IT RESOLVED BY THE WATER AUTHORITY:

Section 1. Beginning July 1, 2017, the Water Authority and The Nature Conservancy will enter into a Memorandum of Agreement whereby the Water Authority will provide funds to the Rio Grande Water Fund of \$200,000 per year for up to five years.
