Increase to Contract with Hoffman Southwest Corp. dba Professional Pipe Services for Small Diameter Sanitary Sewer Line Inspections

An increase to the purchase order (PO) with Hoffman Southwest Corp. for small diameter sanitary sewer line inspections is requested. The increase from \$315,300 to \$630,600 is to complete inspections for FY20. These sanitary sewer line inspections fulfill the Water Authority's Capacity Management Operations and Maintenance plan commitment to inspect 5% of its small diameter lines during FY20.

If approved by the Board, an amended PO will be issued by the Water Authority to enable Vendor to continue to provide small diameter sanitary sewer line inspections.

FISCAL IMPACT:

\$630,600 (excluding all taxes) and all amounts have already been appropriated in the FY20 budget. Any additional increase to the contract that exceeds 20% of the amounts previously approved shall require additional approval.
